

Dear Resident of Cypress Point Strata NW2050

Please be advised that you will be fined for not following proper recycling and garbage disposal procedure. You are responsible for any waste or recyclable materials that you bring onto Strata property.

Metro Vancouver regulations prohibit the disposal of corrugated cardboard with normal garbage. Corrugated cardboard boxes must be flattened or broken down before putting them in the large green bins in either Building A and C locations.

Plastic bags must not be put in the compost bin for household kitchen food scraps and perishables. The compost bin is NOT for pizza boxes! Only the old pizza pieces without the box.

Items like furniture, paint cans and waste materials from renovations and appliances are not to be put into the large blue garbage bins. These materials must be taken to by you to Richmond Recycling Depot.

The items listed on the following City of Richmond website are accepted for free drop-off for Richmond residents at the Recycling Depot.

Cypress Point – Strata NW2050 Bylaw:

- 4.8 A resident or visitor must put normally collected household garbage and recycling materials in the correct bin as shown by the signs on or around the bins.

A resident or visitor must not put items which are not allowed in the garbage or recycling bins.

Metro Vancouver regulations prohibit disposal of corrugated cardboard with normal garbage. Corrugated cardboard boxes must be flattened or broken down before putting them in the bins in Building A and C.

Plastic bags must not be put in the bin for recycling of household kitchen scraps.

A resident or visitor must remove from the common grounds any other waste or recyclable materials generated or brought onto the common grounds by them.

Items like furniture, waste materials from renovations and appliances are not collected by the removal contractors and must be removed by the person disposing of them.

Refer to photos of Building A and Building C garbage rooms on the following pages, and Building B no cardboard allowed.
