Meeting to Commence at 7:00PM Registration to Commence at 6:30 PM

Notice of Meeting Package dated October 5, 2020

Due to the current pandemic situation, it is not possible to hold a large "in person" gathering of owners, so Cypress Point Strata NW2050 will be holding its Annual General Meeting (AGM) by a "Zoom Meeting".

The Strata Council will have two different but related Zoom Meetings:

- 1. A Zoom information meeting will be held on Thursday, October 29, 2020 at 7:00 pm a week before the actual AGM meeting. This is to enable owners to discuss and ask questions in advance of the AGM. It will also provide owners with the opportunity to become familiar with Zoom. Owners may also submit their names for a position on Strata Council. This particular Zoom meeting connection information will be different and sent out at a later date. Attendance is optional.
- 2. A Zoom meeting for the actual AGM. Discussions will be kept to a minimum allowing more focus on the administrative voting process. The AGM Zoom meeting connection information is provided below. A meeting reminder will also be sent out the day before.

For the upcoming AGM there will be an election of council members. Owners are welcome to submit their names for these positions. An election will be held if there are more than 7 candidates seeking positions. All positions are unpaid volunteers. No experience is necessary. Other experienced council members will help get new volunteers acquainted with the process. If you are interested in submitting your name for a volunteer position, please send an email to: nw2050@telus.net

2020 President's Message

Cypress Point - Strata NW2050

2020, what can I say. It seems like we have been continuously trying to adapt to ongoing and changing events in the world and at our Strata complex.

We are unfortunately unable to predict when we will be able to re-open our exercise room. Hopefully by spring of 2021 we can open the pool and hot tub again.

Please ensure that you have read the Treasurers' message containing many important topics.

Water leaks that originate in common property areas of the Strata buildings are covered by the Strata insurance. However, if there is damage inside an owner's suite, it will involve the owner's personal insurance provider as well. The two different insurance companies coordinate with each other and decide who will pay the various costs for cleanup and repairs.

Once a water pipe is attached to fixtures inside a suite, it becomes the responsibility of the homeowner's insurance. A suite that has a leaking sink, valve, faucet, toilet, dishwasher or washing machine can cause water damage bills that often exceed \$10,000.00 and can go much, much higher. With no personal insurance an owner will be required to pay this out of their own pocket.

The Strata is required to get the repairs done right away to mitigate further water damage, and to prevent any safety hazards for all surrounding suite owners. The Strata has to pay the costs from our contingency fund, which all of our owners contribute to. The Strata council is obligated to demand repayment from an owner who has no personal insurance coverage. This could involve legal action and the placement of a lien on the owner's property where the leak originated.

I cannot express enough the importance for you to have personal homeowner's insurance. It provides you with far more protection than just for water damage. In an event such as a building fire, it will provide supporting costs for you to live elsewhere during fire repairs that can take almost a full year.

I would like to thank all the volunteers who donated their time and energy. They make Cypress Point a better community and save all owners of Strata property money. Volunteers make the property safer and look better.

The AGM officially starts at 7:00 PM, but you will be able to join the Zoom waiting room a half hour earlier. This allows the registrar for our meeting the needed time to qualify people's names and strata lot numbers before allowing them into the Zoom meeting.

Our Strata Advisor, Tony Gioventu, Executive Director for CHOA, will be chairing. If you are unable to attend, this package has a proxy form that can be filled out and given to the Strata Council to be included in the voting at the AGM. Completed proxy forms need to be submitted to the office at least 2 days prior to the AGM meeting.

Regards, Gordon Farrell, President Cypress Point - Strata NW2050

Headline: The Importance of Unit Owners' Personal Insurance Publication

Publication: CHOA
Journal Written by: BFL

date: Winter 2014

Canada

What is a unit owner responsible for insuring? When owners are provided with the strata's insurance report, some mistakenly believe the corporation's insurance policy will protect their personal assets in the event of a loss; this is not the case.

Unit owners, whether living in the unit or as an investor, should always make sure their personal assets and liabilities are adequately protected by their own personal insurance policy.

A typical unit owner's policy provides a variety of coverage:

- <u>Personal Property:</u> in general terms, this coverage includes all the content items a unit owner brings into the unit or keeps in a storage locker on premises, such as furniture, electronics, clothing, etc.
- <u>Additional Living Expenses</u>: this coverage helps unit owners and their families deal with the extra expenses which can often result if the home is uninhabitable due to an insured loss or damage. Whether it is a fire or significant water damage due to no fault of their own, unit owners may have to move out while their unit is being repaired. In the case of an investment unit, this coverage helps pay the owner's rental income loss due to the tenant moving out.
- <u>Improvements & Betterments</u>: many unit owners spend considerable money making the unit their own; old carpet is replaced with hardwood flooring, cabinets and counter tops are updated and fixtures modernized to the 21st century. The unit owner's personal insurance policy provides coverage for these items, which are specifically excluded from coverage under all strata corporations' insurance policies.
- <u>Strata Deductible Assessment</u>: more and more strata corporations have by-laws in place to facilitate charging back the strata deductible to the unit owner responsible for a loss or damage. Unit owners or their tenants need not be liable in order for the deductible to be passed back, in many cases the mere fact the damage originates in the unit is sufficient to make the assessment valid. Strata deductibles can be as low as \$1,000 and as high as \$500,000. Unit owners need to ensure that the limit on their personal policies is sufficient to cover any strata deductible they may be responsible for (including earthquake).
 - <u>Personal Liability:</u> at home or pretty much anywhere in the world, unit owners' policies also provide comprehensive protection for claims against them for property damage and bodily injury. Why get personal insurance? Because not getting it is much too risky and expensive. Protect yourself!

Things to Discuss with your Insurance Broker.

Each Unit Owner policy is different; it is imperative that owners ensure the limits of insurance on their Unit Owner policies are sufficient and that there are minimal gaps in coverage between the insurance of the unit owner and that of the Strata Corporation. Take some time to review the terms and conditions of your policy with your insurance broker. Here are some key questions to ask:

- 1) What is the limit of coverage provided to me for the Improvements and Betterments in my unit? Please note, unit owners are responsible for insuring the improvements they have made to their unit along with the improvements previous owners have made to the unit.
- 2) If my unit is uninhabitable due to an insured loss, what amount of coverage is provided for the Additional Living Expenses that I incur? This covers the necessary increase in living expense if you are unable to occupy your unit. Such costs could include hotel accommodation and moving household furniture.
- 3) If the strata suffers a loss that originates from my unit, what amount of coverage does my policy provide if I am charged back the strata's deductible? Please take a copy of the strata's insurance coverage with you so you can advise your broker of the strata's policy deductibles.
- 4) If there is damage in my unit, to original strata property (floors, ceilings, walls and NOT improvements and betterments or personal property), and this damage falls below the Strata Corporation's deductible, what amount of coverage does my policy provide to repair this damage? This coverage varies greatly from insurer to insurer and as we are seeing larger deductibles for strata corporations, this could be a very expensive repair for a unit owner. While an owner may recover financially after a \$3,000 repair if the strata's policy has a \$5,000 water/sewer deductible, being responsible for an \$18,000 repair if the strata's policy has a \$20,000 water/sewer deductible is another story entirely.
- 5) What is my limit of coverage provided for assessments made necessary by the Strata's Earthquake Deductible?

In the event of an earthquake, the Strata Corporation has a significant deductible; usually 10% - 15% of the insured value.

Please have a discussion with your broker. It is helpful to bring a copy of the strata's insurance policy with you. A copy of the strata's insurance coverage is often provided with your AGM Notice Package.

2020 - Treasurer's Message - Cypress Point - NW2050

I hope this report finds you safe and healthy! I can't quite believe that it's time, once again, for me to present my Cypress Point financial report and although 2020 has been a very strange year due to Covid-19, financially, the only unpleasant surprise we experienced was due to our insurance coverage.

We knew our premiums would increase but we never dreamed that they would be so high. Thankfully, NW2050 does not have to pay the full \$350,417.00. Our portion is, \$255,804.41 which is 73% of the total premium and our Shared Facility partners, Woodridge, Ashford and Building D, are required to pay 23% which comes to \$94,612.59. Thankfully, we were able to sign up to pay the premium in 12 monthly payments so that we could manage cash flow and avoid an immediate special assessment. To finance the premium over the year is not costing us anything extra to spread out our payments. Because our insurance coverage runs from August to August, we will be in a deficit position at the end of December 2020 of between \$45,000 – 60,000. Thankfully, we have a healthy Contingency Reserve Fund which will total approximately \$1,300,000 as of Dec. 31/2020 so we recommend owners vote to take the deficit amount out of the CRF.

We are anticipating that our insurance expenses for January 1 – December 31, 2021 will be approximately \$255,804.41 - \$70,000 (budgeted amount paid through our strata fees) which leaves us with a deficit of \$185,804.41. Unfortunately, to pay for it, we have no other choice but to raise our monthly strata fees by an average of \$146.07/unit/month depending on your Common Area %.

As far as insurance coverage 2021/22 goes, we have heard that the insurance market is softening so we are hoping to obtain a lower insurance premium for the period from August 1, 2021 – August 1,2022. We have already lined up a couple of insurance brokers who will be working on our behalf in early May. There are, of course, no guarantees but we will work tirelessly to make sure no stone is left unturned! And, with that being said, if our insurance premium goes down, we hope to be able to lower our monthly strata fees for 2022.

On a more positive note, we have received a final report about the testing of the bay window assemblies in the non-remediated sections of Buildings B and C, from Read Jones Christoffersen Ltd. (RJC) which will be posted on our website. RJC noted that the bay window assemblies are in fair shape considering their age and recommends that "the windows be replaced within the next two years to mitigate moisture ingress issues and to improve occupant comfort." They say that, "If left unattended, moisture ingress will likely increase and can lead to structural deterioration of the underlying framing." RJC proposed two options which Council has reviewed.

The first option, which Council voted to recommend to owners, would replace all of the windows in the non-remediated sections and will cost approximately \$800,000. Since we have been saving up for this for years, Council proposes taking the full amount out of Future Remediation Fund, Exterior Building Fund and from the General CRF.

The second option RJC proposed was for replacing the stucco walls along with the wood windows, insulation, exterior trim and exterior plywood sheathing which is estimated to cost over \$2,100,000. Council decided this was not necessary because the walls look to be in fair shape.

I hope that 2021 is a better year for getting Covid-19 under control and for lower Strata Insurance Premiums!

The Cypress Point Depreciation Report is posted on our website along with a list of corrections. As projects are completed, they are added to a list that our strata administrator has in the office and then they are posted online in order to keep the Depreciation Report and subsequent work, up-to-date.

I'm looking forward to meeting with you at our virtual AGM!
